Make a Difference

Can you imagine a college library without any books? That is the case in many Christian universities and Bible schools in the world's poorest French-speaking countries. SF wants to change that!

To give, visit Synergiefrancophone.org/give, scan the QR code, or mail a check to Synergie Francophone

Fill Their Shelves

***Equip Bible teachers and future church
leaders in higher education with
libraries in French***

Empty Shelves...

The French-speaking world is big, very big! Here are all the countries where French is spoken:

However, the part of the French-speaking world with access to Bibles and Christian books is small, very small! French is the world's fifth most used language, spoken by 321 million people globally...and this number is increasing daily! This huge people group is largely without God's Word and books to help them understand it. Even in places where the Gospel is preached, false teachings abound because leaders lack biblical tools. **Will you help us equip Christian college libraries and church leaders being trained right now?**

...You Can Fill.

● Provide a digital library for a student.

Provide a digital library on an SD card for a graduating student to have a Christian leader's library for life. In each of the Christian colleges with which we partner, we dream of providing a graduation gift for each student heading into a life of ministry. The dream can be as big as donations allow. The cost per student is \$25 plus \$15 shipping for the digital library of 130 books.

● Provide a digital library to a Christian college.

For \$25 plus \$15 shipping, you can provide an SD card loaded with a collection of 130 books, including Bibles, study guides, commentaries, books on theology, Christian life, the church, preaching, conversion, disciple-making, and nearly 40 books specific to ministry in Africa and other majority world countries.

But for copyright reasons, the SD card can only be used on one device, which means only one teacher or student can read at a time. This could be overcome by providing several SD cards to each school.

● Provide a physical library.

A physical library remains an essential, invaluable service to teachers and students. It allows the whole college community to consult and borrow books at the same time. In some countries, a well-stocked library helps a school to gain accreditation. Printed libraries are expensive, even when publishers give SF discounts. A library of 50-60 books costs \$600. We'll add more if we can by seeking discounts. Shipping from France or Quebec costs \$400. So, for \$1,000, you can start to fill shelves with physical books that will be used by hundreds of teachers and future leaders. What a great legacy! Donating a library multiplies your gift—and ministry—over and over until a book wears out from frequent use, a real and healthy risk in any small library! But the knowledge goes on being applied in hearts and ministries long after. For every library purchased, SF will include an SD card and a printed copy of the *Africa Study Bible* in French to which 150 African theologians and scholars have contributed notes, applications, and articles relating to the cultural contexts in which the Gospel will be taught.

● Provide PDFs of scholarly Bible tools.

Distributions Évangéliques du Québec has created some unique Bible dictionaries, concordances, and other Bible study tools that are available as PDFs for purchase. There are no shipping costs. Your gift of \$30 will allow us to provide one or more of these large reference tools to a Christian university or Bible college in an economically challenged French-speaking country.
