

How You Can Help

Pray.

Pray for believers to grow in Christ in places where resources are difficult to find.

Give.

Send a check to our address, scan the QR code below, or give online at www.synergiefrancophone.org/give.

Our Heart

SF exists to honor God as we participate in bringing in his harvest by facilitating the creation and distribution of culturally appropriate biblical resources to share his good news, make disciples, and equip God's Church to grow, reproduce, and influence communities and nations in the French-speaking world with his transforming love.

Literature Distribution

Equip believers with biblical books for Christ-rooted, lifelong transformation

Together...
planting, watering, growing
fruitfulness

The Need

Despite French's global status, francophone countries and regions have received few missionaries and few written resources. In French-speaking Europe and North America, secularization has not met spiritual needs, so thousands turn to the occult. Many economically poor French-speaking countries sit in the 10/40 Window and are dominated by non-Christian religions. Many communities have no access to Christians, Bibles, and biblical books—and if they did, could not afford them. Six of the poorest countries in the world are in French-speaking Africa. Most of their inhabitants live on less than \$600 per year. Large parts of the African continent are seeing people turn to Christ—but with no means of being discipled.

Our Response

To cultivate spiritual growth and fruitfulness in Christ, we purchase, supply, and ship Bibles and Christian resources in French for people without access to them. In countries where the Bible is being translated into minority languages, or where no translation is being done at all, most people speak an official or trade language such as French. When you donate to our "Literature Distribution" project, we can provide Bibles and biblical books in French to meet people's spiritual needs right now—whereas it might be decades before such materials exist in a minority language, if ever.

Gifts of books do not go into people's hands alone. We select strategic, reputable ministry partners—church or mission groups—and distribute biblical resources through their ministries of evangelism, disciple-making, leadership training, and equipping local churches to be effective and reproduce. These seasoned leaders support believers and show them how to use the literature they receive. This assures that recipients of resources are trained in their use and nurtured in environments promoting Christ-rooted spiritual flourishing.

The French-Speaking World

There are 396 million French-speakers around the globe who long for the love of Jesus. An official language in 29 countries and widely spoken in 50, French is the fourth most spoken language in the world, found on five continents—including South America (French Guiana), Central America (Haiti), and Oceania (French Polynesia). Though most people associate French with Europe, more countries in Africa speak it than any other language. In total, there are 200 million French speakers in Africa—and as the continent is experiencing the highest population growth rate in the world—that number is only growing.
